

## Minutes IPI Child Program November 2017

Present: Jill, Janine, Caroline, Ana Maria, Vali, Anabella, David

Absent: Doug, Stan, Carl

Regrets: Lea, Betty, Yolanda

### **Threats to stability of the program**

Ana Maria is happy to remain as continuity presence.

Doing two programs at once may be hard for students (Teresa, Henriette, Flora)

Actions:            Introduce more GAM groups for 1<sup>st</sup> year class

                         Think about sequencing the parts of the Child program

                         Ask Carl if he can do a GAM group on Thursday before the February weekend.

                         Introduce plenary and possibly GAM group for 3<sup>rd</sup> year.

### **Individual mentor updates REDACTED**

**Progress of the year:** First class is going well with Ana Maria as continuity presence. The one day immersion was much appreciated.

**Forming a curriculum committee for 2018-2019:** Jill to send draft of program for 2018-2019 to Caroline, Janine, Anabella, and Ana Maria

**Decision about recruitment of a new class in 2019:** Ok to wait a year until we have students who are more ready for the commitment. Also add 2 one-day seminars before the two child weekends to free up time for more frequent GAM groups to improve the holding.

**Other business** Janine will help collect and collate data from the survey monkey evaluations that will come in in December.
