Application for Scholarship for IPI Training Program, Course or Offering

This scholarship fund has been developed as part of IPI’s commitment to equity and inclusion, to welcome diversity and to reduce financial barriers that might otherwise limit participants from joining in an IPI learning experience. We recognize that as a psychoanalytic institute, we have a responsibility and a role to play in examining from within and without the devastating impact of structural, systemic and interpersonal biases and inequities. We also recognize that such examination is deepened and enlivened by diverse perspectives, and hope that this scholarship will support our efforts to engage new participants and new voices.
