

PPCP SC Minutes

November 24, 2021

Present: Charles Ashbach, Karen Fraley, Matthew Rosa, Kelly Seim, Suzanne St. John

1. October Minutes Approved
2. Suzanne asked for an outline of the presentations to help facilitate the GAM group.
3. We discussed Anne leaving the committee, it's effect on teaching, as well as the distribution of faculty mentors and who would teach the final class. It was decided that Suzanne and Charles would co-teach the last class.
4. The themes of the last class were discussed including termination and self-disclosure. The difference between self-disclosure as an effort to alleviate anxiety, self-disclosure as an aspect of a supervisor's style, and self disclosure as a means of opening the field were discussed among the committee members.
5. We discussed the value of mentoring students for their presentation in the assigned classroom, which is new this year. Some students are not availing themselves of it and we began thinking about the possibility of making the mentoring component a requirement in order to ground the presentation involving the instructor/mentor and the presenter.

Respectfully Submitted,

Matthew Rosa
