

Minutes
SC Committee
July 21st

Present: Sue – Peter – Matt – Janine – Lea – Colleen – Karen M. – Nancy – Michelle K.

- Minutes approved
- Peter nothing to report from candidates
- Janine: Admissions: met with Sue and Collen. Doesn't feel comfortable chairing this committee because at the hour of the meeting she is leading a Therapy Group from Russia.
Has been responding to inquiries.
Since people that inquire are from areas of the West, Texas. It appeals because some of the program is online.
If we go back to summer and weekends in person would be very difficult the traveling expenses.
Not clear when we are starting a new program and which programs?
What to do with the people that are interested?
Janine doesn't feel very connected to IIPT. Concern about the role of the teaching analyst. How to do this rotation?
People that taught last semester also taught in the summer.
Not enough applicants to SA
- Why people volunteer or not.
- Teaching is the main way people connect.
- How do we keep people involved and more connected.
- We feel bad that Janine is stepping down from being the chair of the Admission Committee.
- Who do we admit and how do we organize the next cohort?
- Difficulties on how we recruit.
- Is there an exclusion, and a hierarchy in the exclusion?
- We need to continue thinking about this.

S.A. Committee:

- Ad hoc adjunct faculty only once for an advanced candidate
- Leave of absence for a candidate.
She will continue supervising her first case and in her personal analysis.
Will report every three months to her mentor.
- Discussion about her re-entry will be up to Sue and Collen. Request of IIPT faculty to be appointed as adjunct SA and associate member.
- Discussion on the role of Teaching Analyst is important that we are flexible
Colleagues can be able to teach a semester, there are not enough classes for all.
- View IIPT as part of the whole
